Connection

Please, log-on to the Microsoft Teams meeting before the start of the meeting, see the programme. You will get the link to each of the meeting days in the calendar invite in outlook sent to you.

If you are not an experienced user of Teams or uncertain if the connection will work, contact us for a test of your connection Monday 29th November (fwd@ssi.dk). If you for unknown reasons experience problems during the meeting, often it can be solved by exiting the meeting and entering it again.

If you **do not have a Teams account**, you can either *Download the app* (use this if possible; gives the best experience) or *Continue on the browser* (no download or installation is required).

When you have opened Teams (browser or app) you will be asked to enter your name. Please, enter your **full name**, as we want to know who has joined (only registered participants are allowed to join).

During the meeting

Please, mute your microphone when connecting to the meeting. Microphone should only be on when you are giving a presentation or when you want to speak in the group work or during discussions.

Please, turn on your camera when you are speaking.

You are welcome to write in the chat during a presentation, e.g. write your questions or your comments. After each presentation, it will be possible to ask questions either by writing in the chat or by raising your hand (click the hand symbol in the menu bar and unmute your microphone when given the word).
